Japanese Style Vanilla Soft Serve Hokkaido Soft (Code D317)

This powder mix has been designed to make a high quality, excellent-tasting soft serve product, with a distinctive Japanese style vanilla taste.

This product can also be used as a base for flavoured soft serve such as strawberry, cherry, chocolate, coffee and blueberry. It is also suitable for sundaes, floats, frappes, milk shakes and as a dessert topping.

For Soft Serve: Add 2.5 litres of pure water to the mixing vessel and then add the soft serve powder (1.04kg) sachet. Mix in a food-grade bucket with a long (40cm) wire whisk for 1 minute, until mix is completely dissolved. Add straight to the ice cream machine hopper.
